National Association Scullers Will  
Explain Violation of Rule.

SOME MAY BE SUSPENDED.

Two Are Charged With "Professionalism"  
and May Lose Their Amateur  
Standing if Found Guilty.

New York, March 12.—At the annual meeting of the National Association of Oarsmen to be held at the Marlborough hotel on Saturday at three p. m., the scullers will be called upon by the association to explain violations of amateur rowing rules. They are Edward Ten Eyck, John Rumohr and S. C. Titus. Mr. Ten Eyck will be asked to explain why he did not go aboard to race when the association ordered him to do so. If the reasons given by the Massachusetts men are not satisfactory he will probably be suspended. Messrs. Rumohr and Titus are charged with professionalism and if proved guilty will forfeit their amateur standing. The place for holding the national regatta will also be selected.

## SPORTSMEN PURCHASE LAND.

Denver Syndicate Secures 4,000 Acres  
Near Mouth of Bear River.

Yesterday afternoon a Denver syndicate secured 4,000 acres of land near the mouth of Bear river, where a game preserve will be established. The Davis property of 2,000 acres was purchased for \$6,000, and the other 2,000 were secured from the Union Pacific. An elegant club house is to be constructed and fitted up in first-class style. It is expected that fully \$20,000 will be expended on the club house.

## JACK MEINEKE RETURNS.

Next Friday.

Jack Meineke, manager of the Park City baseball team, returned from Park City last evening and brings the news that the club will incorporate next Friday with a capital of \$1,000.

## BASEBALL LEAGUE OUTLOOK.

Situation is Unchanged and No  
Chance of Immediate Organization.

Judging from the present outlook the Utah Baseball league, of which so much has been written and said, will not be organized at least within the next ten days. The managers of the various teams are at present negotiating with players and until the teams are fully organized, it is not likely that the league will be materialized. At present "The Railways" are figuring on uniforms and their trade mark, and the management hope to have the team fully organized and equipped in a short time.

## NO MEETING HELD.

Council Compelled to Give Right of  
Way to State Senate.

The Senate has been occupying the City Council chamber during its session, and as the time is drawing near when the State's law-makers will have to adjourn, they are compelled to hold night sessions in order to finish up the business now before them. On this account the City Council found itself last night without a room to meet in upon arriving at the city and county building. The council of the city of education was suggested, to which they repaired. However, it was found there were not enough desks to go around, and no ink or pens were at hand. All conceded that the city fathers could not do business without writing material, so a motion was made to adjourn until next Friday night, and the council adjourned.

After the adjournment some of the members gathered around Mayor Thompson and discussed the subject of his veto of selling to the Eighth ward Relief Society the strip of land adjoining their meeting house. Mr. Thompson, of course, stood on his veto, but it was stated that he offered to contribute \$100 toward the purchase of the land by the society if its fair cash value be given. Acting Bishop McAllister, with some of his ward people, were present to enter into further negotiations if the matter should have come up last night. They feel, inasmuch as the property joins their meeting house, and part of the buildings which used to belong to the ward, constituting the old meeting and school house jointly, are on it, that they should have the land.

TWO NOTED FOREIGNERS WHO ARE ON THEIR WAY TO AMERICA.

On the steamer Majestic, due in New York about next Thursday morning, are two distinguished foreigners who are coming to pay a visit. One is Signor Marconi, who expects to conduct wireless telegraph experiments on some of Uncle Sam's warships. The other is the Rev. F. B. Meyer, known as "the Moody of England." He is a celebrated evangelist and will hold revivals in Atlanta, Louisville, Richmond, Cincinnati, Chattanooga, Omaha and Allegheny.

## THE MINISTERS PROTEST.

Clergymen Petition the Governor to Veto  
Evans Bill.

Many Fearful Conclusions Drawn by  
the Salt Lake Preachers' Association.

With all of the pressure that has been brought to bear upon him Governor Wells has not been induced to break his reticence as to the course he will pursue in regard to the Evans bill. Yesterday afternoon he was waited on by a committee representing the Salt Lake Ministers' association, consisting of Revs. Leilich, McNiece, Brown and Bagby, who presented him with a petition drawn up by the association, praying him to veto the much-mooted measure. The executive received the paper very courteously, but did not allow himself to be betrayed into any expression as to what he would do.

## YOUNG GIRL'S SAD PLIGHT.

Her Mother Dies and Her Ruin Speedily  
Accomplished.

Another sad case of neglect and villainy came to light last night when Officers Lincoln and Pack arrested W. P. Gardner and Jack Ryan in a rooming house in company with a young girl named Kate Knox. An effort will be made to secure a home for the girl, and it is likely that the men will be charged with criminal assault.

## REMARKABLE CURES OF RHEUMATISM.

The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain.
